MADE IN USA

GENERAL INFORMATION

OARS, Corrective Approach Pellet, is an excellent tool for combatting water repellent soils or localized dry spots. **OARS** Pellets can be applied with the AQUA-AID PROportioner system or similar applicator during hand watering and/or syringing. Apply throughout the year with no phytotoxicity to all types of turf grasses, annuals, and perennials.

One **OARS** Pellet will cover 1 to 3 average size greens, up to 15,000 ft² (1,393 m²). Apply **OARS** Pellets as needed.

OARS Pellets will dissolve within one hour at water pressures of 90 to 120 psi (620 to 827 kPa). The rate at which an individual **OARS** Pellet dissolves is determined by water quality, temperature, pressure and flow rates. **The flow of water through the PROportioner should follow the molded arrow.** Please note some applicators have the flow opposite the molded arrow.

DIRECTIONS FOR USE

Greens, Tees, Fairways, Lawns and Sports Turf

Insert one **OARS** Pellet, with or without container, into the PROportioner jar and use when hand watering and/or syringing. Apply to water repellent soils, localized dry spots or hard-to-wet areas as needed throughout the growing season.

NET CONTENTS:

12 - 8 ounce (226 gram) pellets

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
